January 14, 2022	The Office of the Associate Provost for Faculty and Administration notifies all candidates by e-mail that the calendar and materials related to the promotion review process are available on the P&T/CCE website . Please make sure to use <i>only</i> Brooklyn College forms when preparing the two documents listed on page 2.
January 19, 2022 to February 16, 2022	Department Chairperson and members of the Department Appointments Committee review the list of candidates and determine whether a Senior CLT position or a Chief CLT position can be supported by the department. Where the candidate is from a non-academic department , the area head must determine whether a Senior CLT position or a Chief CLT position can be supported by the department. IMPORTANT NOTE TO CLTs: Promotion to a higher title is <i>not</i> a reward for excellent performance. It is based on the development of a new/upgraded position that has met the University's standard for the title sought and the qualities of the candidate. Unlike professorial promotion, the College must approve a newly developed or greatly expanded job description before this position at the higher rank can be established and a candidate can be considered for promotion into that position. If a position cannot be supported, the Department Chairperson (or area head) should inform all applicants in writing, with a copy of the letter sent to the Office of Associate Provost for Faculty and Administration. In this case, the process stops here. If the Department Appointments Committee (or area head) determines that a Senior CLT or Chief CLT position <i>can</i> be supported, the process continues.
